

**ARE YOU PASSIONATE ABOUT CREATIVE
TEACHING AND LEARNING IN
SECONDARY EDUCATION?**

**DO YOU WANT TO ENABLE STUDENTS TO
FIND INNOVATIVE SOLUTIONS THAT
COULD CHANGE THE WORLD?**

Participate in SCALE!

The Erasmus+ funded project SCALE aims to

- influence European education policy by **using the methodology of Applied Creativity Labs** in secondary education across Europe
- enable young people aged 12-17 to **find innovative solutions to climate change** and environmental issues
- embed a **creativity-based approach to teaching and learning** in any curriculum
- equip students with the **creative and critical thinking skills** needed to respond to these real-world challenges

WHERE DO YOU COME IN?

PARTICIPATE IN THE SCALE STAKEHOLDER CONSULTATION MEETINGS!

We want your input in our project plan!

- *Learn about SCALEs objectives and planned outputs*
- *Offer your thoughts, opinions, and suggestions on the project as it progresses and develops*
- *Network with other likeminded professionals*
- *Receive all project materials - free of charge - for your own use, including*
 - *creativity teaching and learning frameworks*
 - *teaching resources*
 - *online learning platform*
 - *policy and advocacy materials*
